

Advantages of H2K Infosys Training

H2K Infosys Training

- *H2K Infosys specializes in offering training services on variety of technology and topics.*
- *Our courses and syllabus are shaped by skills in demand in the industry by experienced industry professionals who are passionate about teaching*
- *Our objective is to prepare student in their choice of topic and technology to launch a successful career by providing real-time projects and topics. We include the best in class practices, materials and software to our students to make them technically strong and competitive*
- *Our course offerings include QA Testing, BA (Business Analyst), Business Objects, SAP, Java, Dot Net (.Net), Web logic Admin and other technologies.*
- *We typically have a follow-up advanced topics courses for each of the courses above for students who wish to dive deeper*
- *We offer flexible schedule: both weekday and weekend batches. Students have the freedom to choose either weekday or weekend batches, they can choose to attend BOTH the batches simultaneously*
- *We offer our students to repeat the courses at no cost.*
- *We provide hands-on-Experience. We discuss about various domains; Banking, Insurance, Telecom, Health and Supply chain domains. This helps the student to get familiar with the business functionality to improve their skills set.*
- *Students can pay only a onetime fee and attend the classes multiple times.*
- *Apart from all the above, we also provide material and software to practice. Our training material includes training slides, screen shots and descriptive documents on all topics.*
- *There are documents showing step by step instructions to install the software on to your machine. We also help in any installation issues you face.*
- *Resume reviews are done once the students are ready with their resumes. We also help in resume preparations at the end of the training*
- *Additionally we have 'Thursday Mock Interview', to assist students manage real time interview questions*
- *We have group discussions where current students and alumni share their interviews experience, difficulties, lessons learnt, the fears experienced, and most important of all 'Their Success Stories.*
- *We sponsor New H1 visa / Transfer Existing H1.*
- *Our consultants get max % out of the bill rate.*
- *If you are having any problems to practice on your computer, we will provide remote access to practice on our computer.*
- *H2K Google group for knowledge exchange*
- *Daily/Weekly assignments and review the assignments to ensure student's continuous learning*
- *Recruiter driven, active job search assistance: We market your resume.*
- *H2K Infosys also provide free YOGA & Meditation classes to interested trainees.*
- *We are pretty sure that no other training institute is providing all these features and training in Rational Test manager, Mainframe Testing and SAP Testing which includes along with the regular training in Manual & Automation testing. This is Competitive world and we want to be very competitive with others and once the candidate trained from us, he/she should be very competitive with others to work on real time project.*
